HAYWARD®

TigerShark® 2
COMMERCIAL ROBOTIC CLEANER

The most advanced and efficient automatic pool cleaners for the Class B pool market.

TigerShark® 2 commercial robotic cleaner is perfect for the class B pool market. It calculates pool size with an on-board computer for the most efficient cleaning pattern. The unit's ability to clean for 7 consecutive hours provides adequate time to clean a larger pool in a timely manner. Powerful on-board pump vacuums dirt and debris, while scouring pool bottom, walls, inclines and steps. It features a patented easy-clean removable cartridge that can simply be rinsed with a garden hose. The TigerShark 2 Plus has a remote that is perfect for spot cleaning and maneuvering in close quarters for hard to reach areas.

FEATURES

TigerShark® 2 features and benefits:

– On-board intelligent computer calculates pool size and most efficient cleaning pattern

– Scours pool bottom, walls, inclines and steps for a complete clean during facility downtime

– Preset 7-hour clean cycle automatically turns off when done

– Powerful on-board pump sucks up dirt and debris

– 24V motor uses less energy and provides the most efficient vacuum strength when compared to other cleaners

– Patented easy-clean removable cartridge can be rinsed with a garden hose

– TigerShark 2 Plus includes wireless remote for easy spot cleaning

For use with
TigerShark 2 Plus
